

# Ranpak Void Fill Systems... the Natural Choice

## Converter Creates Sustainable Void Fill Material from Single-Ply, Fanfold Paper

The FillPak<sup>®</sup> system converts fanfolded kraft paper at a high speed into an effective void fill material, protecting products during shipment.

The system can fit over any conveyor system to dispense the packaging material directly into the box, making it extremely efficient for random applications.

The standard FillPak converter includes a head, a stand and a low profile footswitch.

## FillPak<sup>®</sup>

*high volume, high speed  
void fill*

- **Fast** - converting speed is 55 inches per second
- **Versatile** - integrates easily into a void fill or pick and pack operation
- **Adjustable** - Electronic Delivery System (EDS) mode dispenses paper material from 16" to 100" automatically
- **Economical** - more cost-effective than other void fill materials
- **Efficient** - 11,620 feet of paper can be stacked, adhered together and converted for maximum uptime and throughput

Protection is in our nature<sup>™</sup>

# Specifications

## Converter (approximate measurements)\*

Width	35"
Height	93"
Depth	38"
Weight	413 lbs.
Power	115 V, 60 Hz, 1.7 Amps
Feed Rate	30, 45 or 55 inches per second
Cut Method	Electric motor with clutch
Packing Height	66" (floor to chute height)
Operating Modes	Footswitch EDS

\*Size specifications refer to the converter only and do not include accessories

## Converter Customizations

Dual Footswitch Kit
Turner Bar - Left / Right (paper cart not included)

## Converter Accessories

Chute Deflector Kit
Kneeswitch
Front Wind Guard Kit - Converter Stand
Fanfold Paper Cart
Wind Guard Kit - Paper Cart
Rear Wind Guard Kit - Converter Stand

Dual Footswitch Kit

Turner Bar - Right

Chute Deflector Kit

Kneeswitch

Front Wind Guard Kit - Converter Stand

Fanfold Paper Cart

Wind Guard Kit - Paper Cart

Rear Wind Guard Kit - Converter Stand

## Paper Bundle

Paper Type*	Width (inches)	Basis Weight (lb.)	Length (feet)	Weight (lbs.)
Fanfold Box	30	30*	1,660	41.5

\*Also available in 100% recycled, white and custom printed

## Paper Pallet

Bundle Type	Bundles per Pallet	Dimensions (inches)	Weight (lbs.)
30 lb.	30	48 x 40 Depth	1,310

## FillPak® Process

1 Box of single-ply fanfold kraft paper

2 Run through patented converters

3 Generate PaperStar™ fill

4 For top and side void fill
